# Asthma's future in Utah: How will genomics play a role?

**APRIL 12, 2006**

E-Center, West Valley City, Utah

“Because few in the current public health workforce have the level of understanding of genomics that is required today, major continuing educational efforts must be undertaken to ready practicing public health professionals to use genomics effectively.”

- Institute of Medicine, “Who will keep the public healthy? 2002”

Sponsored by:

The Utah Asthma Task Force

Chronic Disease Genomics Program
